**SUBJECT: DIAGNOSTIC AND CLINICAL CARDIOLOGY, P.A., REQUEST FOR  
ADDITIONAL INFORMATION CONCERNING APPLICATION FOR  
AMENDMENT TO LICENSE, CONTROL NO. 141048**

Dear Dr. Rogal:

This is in reference to your letter dated August 25, 2007 requesting to amend Nuclear Regulatory Commission License No. 29-30448-01. In order to continue our review, we need the following additional information:

1. In your letter dated August 25, 2007, you state in Item 2 that the facilities at 769 Northfield Avenue, Suite 130, West Orange, NJ, are to be transferred to Essex Cardiology Group on October 1, 2007. 10 CFR 30.34(b) requires that the NRC receive a complete, clear description of the transaction. Please indicate whether there were any transfers of stocks or other tangible assets besides the facility and the associated equipment and whether your organization has split resulting in the creation of two entities.
2. The signature lines of your letter have you and Stephen Levy, M.D. described as management. Review of the letter determined in Item 2 that Dr. Levy is the Administrator of Essex Cardiology Group. Review of previously submitted documents determined that you are the president of your organization. Please confirm that future applications for amendments to your license shall have the title of the individual signing the document so that the Commission can determine that an appropriate level of licensee management has reviewed the request.
3. It is our understanding from a review of your letter that you want to authorize the turnover of your facilities at 769 Northfield Avenue, Suite 130, West Orange, NJ to Essex Cardiology Group on October 1, 2007, without decontaminating the facility. The Commission cannot guarantee that this licensing action will be completed by October 1, 2007. On September 26, 2007, I spoke with Mark Brown, the administrator of your facility. It is our understanding from this telephone discussion that licensed activities will continue under your license in Suite 130 until such time as a license is issued to Essex Cardiology Group. If our understanding is incorrect, please inform us in writing.
