If you wish to be removed from the CNUG mailing list, please reply to marcy.ventura@c-a-m.com and put "CNUG Opt Out" in the subject line.

We are also interested in having more user interaction/participation in the meetings. We are asking for volunteers that would be willing to present a flow chart of your implementation process and how you apply the LEFM into your plant. We are planning on having a lead speaker start the discussions and based upon your responses, we will incorporate them into the schedule. Please let us know by April 30th if you would be interested so we can build our itinerary.

Thank You,

The CNUG 2007 Committee
