Mr. Hueter

Per our phone conversation this morning, I am sending this letter in regards to License SUB-1586 for Alcoa-Howmet LaPorte, IN. I would like to remove Mr. Andrew McCamnack from the license. He is no longer employed by the company. Additionally, I would like to add Sara Sanner as the new Radiation Safety Officer (RSO) for the facility. She acknowledges all duties and responsibilities associated with this license and all R.S.O. duties associated with the facility. Please see her training and experience below.

If you have any questions regarding the changes to this license please contact me at 219-325-7381.

Miss Sanner's Education and experience includes:

B.S. Safety Sciences

Indiana University of Pennsylvania, December 2005
