Chattanooga, TN 37402-2801

SUBJECT: NRC INSPECTION REPORT NOS. 50-390/94-72, 50-391/94-72

Gentleman:

This is in reference to your response of January 6, 1995, to our Notice of Violation issued on November 10, 1994, concerning activities conducted at your Watts Bar facility. On January 27, 1995, we provided a letter to you stating that your response to Violation A met the requirements of 10 CFR 2.201; but that Violation B required further evaluation to determine the adequacy of your assessment associated with this violation. On February 21, 1995, you submitted the results of this assessment to the NRC. We have evaluated this report and found that it adequately describes the results of your assessment. Consequently, your response to Violation B meets the requirements of 10 CFR 2.201. We will examine the implementation of your corrective actions during future inspections.

We appreciate your cooperation in this matter.

Sincerely,

(Original signed by J. Jaudon)

Johns P. Jaudon, Deputy Director
TVA Construction
Division of Reactor Projects
