Subject: **COLUMBIA GENERATING STATION, DOCKET NO. 50-397 SUPPLEMENTAL INFORMATION REGARDING SUBMITTAL OF REVISION 8 TO THE COLUMBIA GENERATING STATION PHYSICAL SECURITY PLAN**

Reference: Letter, GO2-07-077, dated April 27, 2007, DW Coleman, Energy Northwest, to NRC, "Columbia Generating Station Physical Security Plan, Revision 8"

Dear Sir or Madam:

In a September 20, 2007 teleconference between Energy Northwest and members of the Staff reviewing the subject Physical Security Plan (PSP), information supplemental to the subject document was discussed. The information was not stated in the letter transmitting revision 8 of the PSP. This letter transmits that information to the reviewers and to the subject docket. The information requested for the reviewer's evaluation is as follows:

- The regulatory process used for submittal of revision 8 of the PSP is described in 10 CFR 50.54(p)(2) and the revision does not decrease the effectiveness of the approved plan.

There are no regulatory commitments contained in this letter. If you have any questions or desire additional information regarding this matter, please contact Mr. GV Cullen at (509) 377-6105.

Respectfully,

For

DW Coleman
