Dear N. R. C.:

Eastlantic Diagnostic Institute had an N.R.C. inspection on September 24, 2007. There were no violations. It was recommended by Michelle Simmons that 10B be removed from our license. We have never had nuclear material delivered there and only do *sentinel injections* at Eastlantic Diagnostic Institute. 10 A also has Berlin-Cross Keys Road on the license and we no longer have an office in Berlin, NJ. Thank you.

Respectfully,

Ralph Daullo, MD (R.S.O)

CEO/President
