Document Request List

1. 71111.02 - Evaluation of Changes, Tests, or Experiments

- a. A list of all 10 CFR 50.59 screens performed from November 2005 through November 2007, which did not result in an evaluation.

Note: Description of items to be screened and evaluated should be brief, but of sufficient detail so that inspectors can determine the significance of the issue.

- b. Please send electronically all 10 CFR 50.59 evaluations performed which did not result in application for license amendment to NRC from November 2005 through November 2007.

The description of items to be screened and evaluated should be brief, but of sufficient detail so that inspectors can determine the significance of the issue.

- c. San Onofre procedure for conducting 10 CFR 50.59 screens and evaluations.

- d. A list of all condition reports (i.e., corrective action reports) related to 10 CFR 50.59 activities, including screens and evaluations from November 2005 through November 2007.

2. 71111.17B - Permanent Plant Modifications

- a. A list of all permanent plant modifications dating from November 2005, with sufficient detail to enable the inspector to determine the significance of each modification.

The description of items to be screened and evaluated should be brief, but of sufficient detail so that inspectors can determine the significance of the issue.

- b. San Onofre procedure for implementing and controlling permanent plant modifications.

- c. A list of all condition reports (i.e., corrective action reports) related to your permanent plant modification program and its implementation since November 2005.

Sincerely,

/RA/
