Subject: Request for Approval to Make Administrative Changes to Part I of SNM-124 due to changes in Organizational Structure and Responsibilities

Dear Sir:

Nuclear Fuel Services, Inc. (NFS) hereby requests approval to make administrative changes to the referenced license that provide for a change in the organizational structure and responsibilities of the NFS positions of President and General Manager. The proposed change includes revising "President and/or CEO" in Section 2.2.0 to "Chief Nuclear Officer," a function that may be filled by positions such as President, CEO, or General Manager. Other sections in Part I affected by this proposed change include 1.7.14, 2.2.4, 2.4, 2.12.5.2, 4.1.2, and 4.2.4.5.1.

Because your staff is already in the process of reviewing changes to Chapter 2 related to the Configuration Management Program (Reference 2), NFS is seeking approval of the "Chief Nuclear Officer" change via letter only at this time. Revised pages to Part I of the license will be provided at a later date.

If you or your staff have any questions, require additional information, or wish to discuss this, please contact me, or Mr. Rik Droke, Licensing and Compliance Director, at (423) 743-1741. Please reference our unique document identification number (21G-07-0106) in any correspondence concerning this letter.

Sincerely,

A handwritten signature in black ink that reads "John W. Naggy for". Below the signature, the text "NUCLEAR FUEL SERVICES, INC." is printed in a bold, sans-serif font.
