Re: Indian Point Nuclear Generating Unit Nos. 2 and 3 License Renewal Application Review

Dear Sir:

I am writing in regard to your letter dated August 24, 2007 requesting comments concerning the Indian Point Nuclear Generating Unit Nos. 2 and 3 license renewal application review. As mentioned in the environmental report, the Delaware people were one of the aboriginal entities located in the Hudson-Mohawk Basin in the early 17<sup>th</sup> century and should have been one of the initial consulting parties. As one of the aboriginal entities, we are very interested in being a part of the review process not only for cultural preservation but for environmental protection as well.

In order for Delaware Nation personnel to be thoroughly informed about this project and to provide comments we would like to request status as a consulting party. With this status, we are confident that you would be able to forward a copy of all formal documents sent to all consulting parties prior to the August 24, 2007 letter we received. It is important to the Delaware Nation that all cultural sites are properly maintained and the environmental impacts be reviewed before further action is taken.

Thank you for contacting the Delaware Nation to be included in the review of this application renewal. We look forward to your quick response and receipt of the documents requested to continue a productive relationship with your organization. If you have any questions or require additional information, you may contact Mrs. Danieala Nieto, Acting Director of Environmental Programs and/or Ms. Tamara Francis, Cultural Preservation Director by telephone at (405) 247-2448 or by fax at (405) 247-9393.

Sincerely,

*Danieala Nieto*
