Attn: Document Control Desk
Director, Spent Fuel Project Office
Office of Nuclear Material Safety and Safeguards
US Nuclear Regulatory Commission
Washington, DC 20555-0001

Subject: NUKEM Corporation Quality Assurance Manual, Docket 71-0884

Dear Sir:

I am requesting that the above document be cancelled. NUKEM Corporation was recently acquired by EnergySolutions. With the accusation of NUKEM by EnergySolutions all activities and services that were provided under the NUKEM Quality Assurance program will be provided under the EnergySolutions Quality Assurance program (Docket 71-0935).

The two packages the were controlled under the NUKEM QA Program (USA/6574/B() and USA/9208/B()) were transferred to EnergySolutions on September 14, 2007.

I am requesting that the effective date of the cancelation be November 29, 2007. This date will allow the Nuclear Procurement Issues Committee (NUPIC) www.NUPIC.com audit of EnergySolutions, which is scheduled for the week of November 12, to be completed and disseminated to the nuclear utilities. This will help assure a smoother transition.

If you have any questions or comments please contact me at 803-758-1808 or rlbyars@energysolutions.com.

Sincerely,

Richard L. Byars
Director, Regulatory Compliance.
