We have completed our review for proprietary information and have no issue with release of the public version of the documents.

Hi Gerry,  
Sorry I missed your calls. I left you a voice mail. Attached are the PDF's for the public enclosures (license and SER) and the letter.

The public version won't be released to the public for 5 days to give you a chance to review for proprietary information.

Your printed copy will have both the public and the sensitive versions of the enclosures (license and SER). That should go out in the mail today.

If I don't talk to you, have a good weekend.  
Breeda
