(License Renewal for Oyster Creek Nuclear)	Docket No. 50-219
Generating Station))	
)	

**JOINT MOTION FOR EXTENSION OF TIME
TO FILE TRANSCRIPT CORRECTIONS**

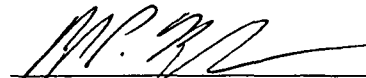

During the evidentiary hearing on Tuesday, September 25, 2007, the Atomic Safety and Licensing Board authorized Citizens to submit corrections to the transcript based on Dr. Hausler's testimony by October 22, 2007. The parties had previously agreed that transcript corrections would be filed by October 9 and the hearing ended with that deadline remaining in place for AmerGen Energy Company, LLC (AmerGen), the NRC Staff, and for corrections from Citizens other than those based on Dr. Hausler's testimony. See Transcript at 600-602.

AmerGen and Citizens are hereby requesting an extension of time to submit all of their transcript corrections to the Board no later than October 22, 2007. AmerGen has numerous witnesses whose corrections must be received, checked, and exchanged with Citizens' and Staff Counsel before submittal. In addition, AmerGen Counsel are engaged in preparing proposed findings of fact and conclusions of law by October 10, and the Jewish Holiday of Sukkot required Mr. Alex Polonsky to be out of the office on September 27 and 28 and will require him to be out of the office on October 4 and 5. In addition, Citizens and AmerGen have concluded it

would be most efficient if both parties served all of their transcript corrections at the same time. Citizens and AmerGen intend to exchange their proposed corrections with each other and the Staff by October 17, 2007. AmerGen has consulted with counsel for the other parties. NRC Staff Counsel does not object to this Motion. Citizens join in this Motion.

For the reason stated above, AmerGen and Citizens respectfully request an extension of time to submit to the Board their corrections to the hearing transcript until October 22, 2007.

Respectfully submitted,

Donald J. Silverman, Esq.

Kathryn M. Sutton, Esq.

Alex S. Polonsky, Esq.
