Subject: **License Amendment Request**

Dear Ms. Kauffman:

This license amendment request is submitted to incorporate FUSRAP areas into NRC License No. 06-00217-06, pursuant to the NRC letter to ABB Inc. (R.K. Lorson to J.F. Conant), dated September 6, 2007. FUSRAP areas are defined in the CE Windsor Site Decommissioning Plan (DP), which was approved by the NRC in June 2004.

An additional amendment request to supplement the existing DP to encompass cleanup of the FUSRAP-related materials is expected to be submitted to the NRC for review and approval in November 2007. In order to facilitate staff training, and in preparation for full decommissioning activities upon DP approval, ABB expects to immediately begin decontamination, monitoring, packaging, storage, and shipment of waste as currently authorized in its license.

If there are any questions or comments regarding this submittal, please contact me at (860) 285-5002 or by e-mail at john.conant@us.abb.com.

Sincerely,

ABB INC
