RE: 2007 Entergy Indian Point Spring Fish and Blue Crab REMP Sampling

**Sampling Dates:**

In an attempt to fill the fish and crab quotas in the three Spring REMP regions Normandeau sampled for 13 days collecting 47 samples starting on 6 June and ending on 22 June 2007.

**Sampling locations:**

Indian Point Region (River miles 39-46): samples were collected in river miles 40, 43, 44 and 45.

Poughkeepsie Region (River miles 62-76): samples were collected in river miles 65, 67, 68 and 70.

Catskill Region (River miles 107-124): samples were collected in river miles 112, 113, 116, 118 and 124

**Gear:**

Normandeau deployed gill nets, bottom trawling, beach seine, box traps, eel pots, crab pots and electro-fishing gear to collect the fish and crab samples.
