The SOW looks good to me. I forwarded it my management here in Troy for any comments they might have.

Tom, it looks good. Just a couple of minor typos (they don't need to be fixed unless you are revising it for something else):
Both are in 1.0, "emanating the" should be "emanating from the".
"Department of Conservation (NYSDEC)" should be "Department of Environmental Conservation".

Jim and John:

Our program support staff has demanded a re-write of our proposed Interagency Agreement (IAAA). Attached is a draft of the re-written IAA as a Statement of Work (SOW) using the NRC format. Please review and let me know if you need any modifications.

Thanks.....Tom
