Dear Ms Yoder:

It has come to our attention that amendment number 16 to NRC License No. 24-04206-12MD contained an inconsistency in Item number 9.I. of the license document. We re-worded Item 9.I. to be more consistent with the wording in Item 9.G. of the license, which is a similar authorization. Enclosed is a corrected copy of amendment number 16.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter will be available electronically in the NRC Public Document Room or from the Publicly Available Records (PARS) component of NRC's document system (ADAMS). The NRC's document system is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>. The enclosed license document is exempt from public disclosure in accordance with 10 CFR 2.390, because its disclosure to unauthorized individuals could present a security vulnerability.

If you have any questions, please feel free to contact me at (630) 829-9854.

Sincerely,

A handwritten signature in black ink, appearing to read "Kevin G. Null".
