That's good. It had the potential to interfere with the Pilgrim Mods I'm on if I had to stay later than Sunday night.

Hi Garrett,

FYI - your weekend has been saved!

Ray, Gil will take Garret's watch as discussed.

I am at Millstone Point through Thursday PM for a MANTG conference but could cover after that (including the weekend). Alternately, if you get in a real "bind" have Ray clear it with Marvin and I will come back up sooner. In any event I'll be there on Aug 20.

Gil, how would you like to be on the VY strike watch list. It would start, if they strike, at 0001 Monday morning. Me and you on the backshift Mon-Fri, 12 hour shifts. Garrett is currently pencilled in but may be able to save him a trip since you are already planning to be up here.

Up to you, the likelihood is that they will not strike.

Let us know. If not, not a big deal - we will get Garrett up here. There would be 12 + hours of OT (i.e. 5 12's).
