8/24/07 – Vermont Yankee IBEW Local 300 tentatively approves a New Contract

The IBEW Local 300 - Unit 8 negotiating team at Entergy Vermont Yankee voted to tentatively approve a new union contract late today, Friday August 24th.

"Both sides worked hard to reach a fair, equitable agreement," said General Manager of Plant Operations Bill Maguire. The members of the union will vote on the tentative agreement on Monday, August 27th.

"The success of Vermont Yankee is the result of good teamwork and a strong foundation of trust and respect," said Maguire. "As we move forward, we will further reinforce the partnership between Entergy Vermont Yankee management and the IBEW. Together, as a team, we will continue the safe, reliable operation of Vermont Yankee as the foundation of all that we do."
