

Welcome

AP1000 Design Certification Amendment Piping Design Acceptance Criteria Meeting

October 11, 2007

Options to Address Piping Design Acceptance Criteria

- Option 1 - Sample proposed
 - No SE can be written
 - DAC remains in place
 - Alternative to augment ITAAC
- Option 2 - Class I
 - SE would only cover Class I for Hard Rock
 - DAC remains in place for remainder
 - Alternative to augment ITAAC

Options to Address Piping Design Acceptance Criteria (Con't)

- Option 3 - Risk Significant plus one system
 - SE would address DAC for hard rock sites
 - DAC would remain in place for soil sites
 - Alternative to augment ITAAC
- Option 4 - Leave Piping DAC in place
