RETURN RECEIPT REQUESTED

Dear Elizabeth:

This is to request a management change in the radiation safety program at Spectra Gases. We would like Bill Novak to resume responsibilities for our program as our next RSO at Spectra, replacing Michael Baselice. The Authorized User status currently delineated on our license is to remain unchanged.

Bill has received formal training and is certified as an RSO since 2002. He assisted Mike in radiation safety decisions since that time and has been responsible for the manufacturing of radioactive materials in Newark, NJ. Mike will continue to be available for any assistance Bill may need.

Please contact Mike Baselice or myself with questions or more information @ 908-252-9300.

Sincerely,

Alvin Dietz  
Executive, Spectra Gases
