Mail Control: 471461

License No.: 05-27647-01

Docket No. 030-35245

Name of Licensee: Aguirre Engineers, Inc. (D&D service provider licensee)

Contact: Neal Deacon  
Vice President of Operations of Aztec  
(Aztec is the owner of Compass Business Solutions, LLC)

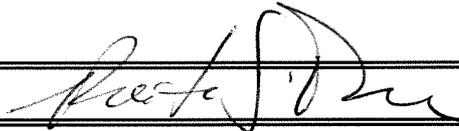

Telephone Number: 602-319-8927

E-mail: [ndeacon@aztec.us](mailto:ndeacon@aztec.us)

Subject: Request for additional information

Summary: I spoke with Mr. Neal Deacon and asked him about the pending change of Radiation Safety Officer (RSO) and inquired about a potential change of ownership. Mr. Deacon said that there was no change of ownership and that the last transfer of control occurred in 2003 in which Aguirre Engineering, Inc., was acquired by Compass Business Solutions, LLC, and that the name "Aguirre Engineers, Inc." will remain. This transfer was approved by NRC (see ML033440581 and ML033640335). Mr. Deacon stated that Compass Business Solutions, LLC, still owns Aguirre Engineers, Inc. Regarding current operations, Mr. Deacon stated that they have not conducted operations under the NRC in a long time. This information is consistent with NRC inspection reports dated March 14, 2007 (ML070870777) and February 2, 2004. Regarding the change of RSO, Mr. Deacon stated that his company is seeking to hire a consultant RSO and specifically mentioned that they were in negotiations with a company named Radiation Safety Consultants. Mr. Deacon stated that he will send today a letter stating that they are working toward hiring an RSO and that Aguirre will commit not to do any work under the NRC license until requesting an amendment to name an RSO. Letter was received via email on 10/18/07. Letter also informed NRC that corporate office moved from Colorado to Arizona. Therefore license 05-27647-01 (05 - State of Colorado) will be administratively terminated and a new license 02-27647-01 will be issued (02 - State of Arizona). In addition a tie down condition or RSO standard license condition will be added to impede operations until a RSO is named.
