Tim:

My latest understanding of the meeting is that we will have the posterboard sessions before and after the formal meeting presentation. If you are able to be there the whole time, to support both posterboard sessions, we would welcome that. I don't believe that we will be manning the posterboards during the business portion of the meeting, so you shouldn't have to think about coverage during that time. I will ask if this has changed, though.

I believe that John will be manning the groundwater table, and I have not heard that he will have either Jim Noggle or Jim Kottan available. I will ask him, and let you know if that is correct or not.

We will certainly arrange for a separate table for DEC, which we will set up next to (but apart from) the NRC groundwater table. We can put the posters in the middle so that you can refer to them as well.

I will verify the above two items, and get back to you ASAP.
In the meantime, let me know if you require any additional assistance.

VR,
Marjorie

Marjorie,

I just got the formal meeting notification sent through our Agreement State coordinator, NYSERDA. The schedule states that there will be an information session both prior to and during the business meeting.

For logistical purposes I just wanted to confirm that I would need to make sure we can cover the whole time from 2:30 to 9:30. I would like to see the main meeting if I can swing coverage for the table.

Also, will John White be manning the NRC Groundwater station by himself, or will he have Jim Noggle, Jim Kottan, or both there with him?

Finally, given the very limited amount of time available to prepare (I'm in D.C. next week for West Valley mtg's and just got a Riverkeeper FOIA request for IP) we won't be able to prepare a completely separate presentation as I had hoped. At present I am considering a table immediately adjacent to John's with an informational handout. That way we can use the NRC Poster material and still provide our own information. Let me know if that works for you.

Thanks,
Tim
