Indian Point Energy Center Status Report

August 9, 2007

Operational Status

Indian Point Unit 2 is operating at 100 percent power and has been online for 71 days. Unit 3 is operating at 100 percent reactor power and has been on line for 99 days.

Entergy to Test New Sirens on Aug. 11 and Aug. 14

Entergy Nuclear and Orange, Putnam, Rockland and Westchester counties are testing the new Indian Point emergency notification sirens on Saturday, Aug. 11 at 10:00 a.m. The full volume siren test on Saturday will acquaint the public to the sound of the new sirens.

Also, as part of federal requirements, Entergy, working with the four counties, will sound the sirens at full volume for four minutes on Tuesday, Aug. 14, at 10:30 a.m. as part of a comprehensive performance validation program.

During both tests, the new sirens will sound simultaneously at full-volume for four minutes in the portion Westchester, Rockland, Orange and Putnam counties that are within 10-miles of Indian Point, located in Buchanan, NY. WHUD Radio (100.7 FM) will test the Emergency Alert System immediately after each siren test.

THESE TESTS ON AUGUST 11 AND AUGUST 14 REQUIRE NO RESPONSE BY THE PUBLIC.

Additionally, Entergy is conducting "silent" tests six times each day on the new siren system through tomorrow. The silent tests occur in the morning, mid-afternoon and in the early evening, allowing Entergy to monitor the performance of each siren and the communications to them. During a silent test, the public may hear the new sirens make a popping sound followed by a high-pitched tone, similar to turning a speaker on.

For additional information on these siren tests see www.safesecurevital.org

Educational Outreach

Entergy Nuclear Northeast provides customized outreach education programs for

schools, youth groups, and civic organizations. The topics we cover include Emergency Planning, Understanding Radiation, Nuclear Fuel and a general overview of the operations of Indian Point Energy Center. If you would like a brochure or are interested in scheduling a program, contact IPEC Communications at 914-271-7441.

If you have any questions or need clarification of the information provided, please contact Kathy McMullin, manager of communications, Indian Point Energy Center, at 914-271-7132.
