RE: NRC Material License No. 21-32523-01 Request for Amendment

Dear Ms. Simmons:

In accordance with the conditions set forth in the subject license, Tyme Engineering, Inc. seeks to request and obtain a license amendment to change the storage address of the licensed material.

The new address is:
32121 Schoolcraft Ave.
Livonia, MI 48150

This location will serve as headquarters for Tyme Engineering, Inc. The enclosure shows the intended storage room for the nuclear gauges. The gauge storage room will be secured by a double lock system and access will be restricted to only those individuals approved by the Radiation Safety Officer.

If further information is required to complete this amendment, please contact Andrew Rudder, R.S.O. at (586) 524-0677.

Very truly yours,
TYME ENGINEERING, INC.
