Subject: Lay-barge procedure request

<<NRC request 102407.pdf>>
Roberto,

I hope the letter is sufficient to allow Team a little more time in order to develop the procedures as requested to perform radiography on lay-barges and offshore platforms. If you need any additional information please let me know.

Subject: Additional Information Needed to Authorize Industrial Radiography on Lay-Barges, Offshore Oil and Gas Platforms and in an Underwater Environment

Re: License: 42-32219-01
Docket: 030-35252

Attention: Roberto Torres

In response to the letter dated September 20, 2007 and per our recent telephone conversation, TEAM Industrial Services acknowledges receipt of the letter requesting additional information in order to authorize work on lay-barges, and offshore oil and gas platforms and would like the opportunity to submit the necessary information to continue to perform work in these special situations. However, we would like to request some additional time in order to prepare this information. It would be most appreciated if you would allow us an additional 15 days within which to submit the requested information.

If you should require any additional information or should there be any problem regarding this request, please contact me at 219/838-0505 or 219/229-2909

Sincerely,

David P. Tebo
Corporate Radiation Safety Officer
