Gentlemen:

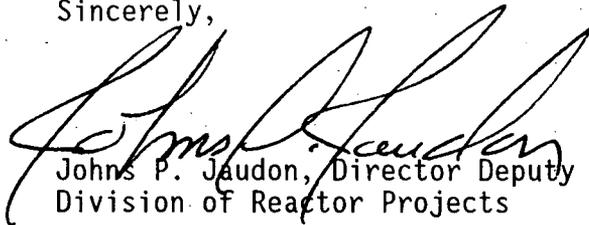

SUBJECT: NRC INSPECTION REPORT NOS. 50-390/94-11 AND 50-391/94-11

Thank you for your response of April 15, 1994, to our Notice of Violation issued, on March 16, 1994, concerning activities conducted at your Watts Bar facility. We have evaluated your response and found that it meets the requirements of 10 CFR 2.201.

During a telephone conversation on May 16, 1994, between Mr. Fredrickson of my staff and Mr. P. Pace of your site licensing staff, Mr. Pace clarified the date for full compliance for Example 1 of the violation as stated in your response. Based on our understanding, the actual date is June 30, 1994, when training will be completed, instead of September 30, 1994, when the compliance assessment is to be conducted. If your understanding of this clarification is different than ours, please inform us as soon as possible. We will examine the implementation of your corrective actions during future inspections.

We appreciate your cooperation in this matter.

Sincerely,

Johns P. Jaudon, Director Deputy Director
Division of Reactor Projects
