Systems Division
3198 Chestnut Street
Philadelphia, Pennsylvania 19101

In accordance with letter dated August 6, 1976, License Number SUB-831 is amended as follows:

Subitems 6.C., 7.C., and 8.C. are amended to read:

6. Source Material

C. Uranium

7. Maximum quantity of source material
which licensee may possess at any one
time under this license

C. 1,000 pounds

8. Authorized use (Unless otherwise specified, the authorized place of use is the licensee's address stated in Item above.)

C. Depleted uranium metal alloy for use in mass simulator tests.

Condition 12. is amended to read:

12. Except as specifically provided otherwise by this license, the licensee shall possess and use licensed material described in Items 6, 7, and 8 of this license in accordance with statements, representations, and procedures contained in applications dated March 9, 1973 and June 10, 1975; letters dated May 18, 1970 and May 7, 1973; and letters dated April 3, 1974, May 30, 1974, and August 6, 1976, signed by J. R. McFadden.
