SUBJECT: LICENSE AMENDMENT: PARKE-DAVIS FACILITY, PLYMOUTH, MICHIGAN

Dear Ms. Lentz:

Enclosed is Amendment No. 62 amending your NRC Material License No. 21-01443-06 in accordance with your letter dated June 14, 2007, requesting the NRC approve the release of the Parke-Davis Plymouth Township Facility located in Plymouth, Michigan for unrestricted use, and delete the Parke-Davis Facility from your license. Based on our review of the documentation you submitted in support of the request, we have determined that you have satisfactorily demonstrated that the Parke-Davis Facility located at 46701 Commerce Center Drive, Plymouth, Michigan does not contain residual radiological contamination in excess of NRC release limits. As a result, the facility can be released for unrestricted use.

The NRC staff prepared an Environmental Assessment (EA) and Finding of No Significant Impact (FONSI) regarding your proposed amendment to release the Parke-Davis Facility for unrestricted use. An announcement was made in the Federal Register dated October 11, 2007, related to the EA and FONSI.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter and its enclosure will be available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records (PARS) component of NRC's document system (ADAMS). The NRC's document system is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html> (the Public Electronic Reading Room).

Please review the enclosed document carefully and be sure that you understand all conditions. If you have any questions regarding our review or this amendment, do not hesitate to contact me at (630) 829-9871.

Sincerely,

A handwritten signature in cursive script that reads "William Snell".
