4150-A Old Berwick Road
Bloomsburg, PA 17815

SUBJECT: INSPECTIONS 030-05980/2007-001 AND 030-05982/2007-002, SAFETY LIGHT CORPORATION, BLOOMSBURG, PENNSYLVANIA SITE

Dear Mr. Lynch:

On October 5, 2007, Betsy Ullrich of this office conducted a safety inspection at the above address of activities authorized by the above listed NRC licenses. She was accompanied by Sunil Weerakkody, Acting Deputy Director of the Division of Nuclear Materials Safety. The inspection was limited to a review of the implementation of the Orderly Shutdown Plan and the current status of the licensed activities and facilities. The findings of the inspection were discussed with Martha Rider of your organization at the conclusion of the inspection.

Within the scope of this inspection, no violations were identified.

Although the distribution activities authorized pursuant to License Nos. 37-00030-09G and 37-00030-10G were not included in this inspection, the conditions of these licenses were reviewed by the inspector with Ms. Rider. These licenses authorize distribution of generally-licensed devices, but not possession of the devices. Both of these licenses have expiration dates later than December 31, 2007, which is the expiration date for your manufacturing and possession license. You will need to request termination of these licenses when you are no longer able to possess materials to be distributed under these licenses, or you will be required to pay the annual fee for the distribution licenses until they are terminated or expire.

Current NRC regulations are included on the NRC's website at www.nrc.gov; select **Nuclear Materials; Medical, Academic, and Industrial Uses of Nuclear Material**; then **Regulations, Guidance, and Communications**. The current NRC Enforcement Policy is included on the NRC's website at www.nrc.gov; select **About NRC; Organization & Functions; Office of Enforcement; About Enforcement**; then **Enforcement Policy**. You may also obtain these documents by contacting the Government Printing Office (GPO) toll-free at 1-866-512-1800. The GPO is open from 7:00 a.m. to 8:00 p.m. EST, Monday through Friday (except Federal holidays).

W. Lynch
Safety Light Corporation
