Jim,

As of now, video-conferencing has been arranged for viewing in Region III only. I am in the process of arranging tele-conferencing. We tried to arrange for a Webcast, but current Commission practice does not allow for that for this type of meeting (Commission meetings only).

The proceedings will not be recorded or transcribed.

We'll make our best efforts to make the presentation materials available remotely prior to the meeting.

Tom,

Thanks for all your recent help.

Regarding the upcoming subject meeting, there is a question from the Department of Justice regarding remote accessibility to the proceedings.

Other than at Region III, will the meeting be accessible to individuals in any way (video-conference, teleconference, internet streaming, etc.)?

Also, will a record of the meeting eventually be available (videotape, transcript, etc.)?

If the meeting is remotely accessible and FENOC provides handouts to the NRC before the meeting, can these be sent out to individuals listening in to help follow along with the presentation?

Thanks,
Jim G.
