Patti,

Nothing for you to read. You need to be archiving any e-mail, correspondence or information that is associated with the Staff's review of Shieldalloy's DP & ER. Mike Clark will discuss in greater detail at the meeting on Thursday.

Thanks for responding.

Jack

Hi Jack,

Is there anything in particular that we need to read prior to the meeting on Thursday? Will there be discussion regarding what needs to get archived? That is my biggest question. There has not been much activity on the EIS side of the house pending receipt of the response to the safety RAIs (which encompass a fair amount of information needed for the EIS).

Thanks!
Patti
