RECEIVED
REGION 1
2007 OCT 25 PM 12: 12

Oxford Valley Diagnostic Center would like to inform you that effective today, we will no longer be performing general Nuclear Medicine or PET imaging procedures and wish to terminate our license. A copy of our final survey and wipe test has been completed by our consulting Medical Physicist and Radiation Safety Officer, Ms. Janet Bryant to assure that all radioactive sources, waste has been removed and no residual contamination or radioactive materials are present. All areas surveyed are less than 0.5 mR/hr, and wipe tests performed for removable contamination are less than 2000 dpm/100 cm². Our last PET imaging procedure was performed on October 8, 2007 and our last Nuclear Medicine Procedure was performed on October 11, 2007. A copy of the final survey results is enclosed, as well as a disposition form indicating the transfer and disposal of our sealed sources. Should you have any questions, please feel free to contact me at 215-752-7212, or our Radiation Officer, Ms. Janet Bryant at her office at 908-788-9440, extension 40.

Sincerely,
