Summary: I informed Dr. Rasul that an initial inspection was due for his materials license. He told me he had decided not to set up a lab at his office and that he was using a mobile service, Digirad, instead. I asked if he had ever received licensed materials under his license. Dr. Rasul told me he had never received licensed material under his license. I informed him he would need to send in a request to terminate his license, he agreed he would do that.
