Dear Sir or Madam:

In the referenced letter, the NRC provided a Request for Additional Information (RAI) regarding TSTF-493, Revision 2, "Clarify Application of Setpoint Methodology for LSSS Functions." A response was requested within 90 days.

This letter is to inform the NRC that the TSTF will need additional time to respond to the RAI and to provide a corresponding revision to TSTF-493. The additional time is needed for the TSTF to incorporate industry comments on this complex Traveler in order to ensure the greatest applicability and acceptance of the Consolidated Line Item Improvement Process (CLIIP) Notice of Availability when it is published.
