Subject: Modification of USNRC License No. 09-11149-03, License Application dated February 21, 2003

Dear LAT,

We request the following change in our subject License Application. Reference License Application dated February 21, 2003, Section 10, "Audit Program". Change second sentence to read: "An Annual Audit will be conducted on all aspects of the KSC Radiation Protection Program."

We are currently performing third party audits of our Radiation Protection Program and plan to continue to do so. We, however, would like to have the flexibility in our license to perform these audits internally if necessary.

If you have any questions regarding this change please contact me at 321-867-6958 or E-Mail me at randall.e.scott@nasa.gov.

Cordially,

A handwritten signature in cursive script that reads "Randall Scott".

Randall Scott,
KSC Radiation Protection Officer/
NRC License RSO
