License No.: 54-28275-01 [USNRC]
RI License No.: RMRB-07-002
Inspection No.: 07-02

Dear Mr. Desgagne:

This refers to the inspection conducted by Dennis Klaczynski of this office on 25 September, 2007 of activities authorized by radioactive materials license number RMRB-07-002 [NRC 54-28275-01 under reciprocity] at Rhode Island Hospital, located in Providence, RI and to a discussion of our findings held by Mr. Klaczynski with Mr. Ed Stanton at the conclusion of the inspection.

The inspection was an examination of activities conducted under your license as they relate to radiation safety and to compliance with the Rhode Island Rules and Regulations for the Control of Radiation and the conditions of your reciprocity authorization. The inspection consisted of a selective examination of procedures and representative records, interviews with personnel, measurements and observations made by the inspector.

Within the scope of this inspection, no violations or unsafe conditions were identified.

Should you have any questions regarding this inspection, we will be pleased to discuss them with you. Your cooperation with us in this matter is appreciated.

Sincerely,

A handwritten signature in cursive script that reads "John L. Ferruolo".
