Bo Pham

Dear Bo Pham,

As a resident in the area and a concerned citizen, I request the Nuclear Regulatory Commission address the following environmental and public health issues in the Draft Environmental Impact Statement for the Indian Point nuclear power plant:

1: the impacts of Indian Point's cooling system on the Hudson River fish populations

2: the build-up of high-level radioactive waste at Indian Point and the ongoing radioactive leaks originating from at least two spent fuel pools;

Thanks.

Sincerely,
Daniel Wolff
