Ms. Rebecca Schmidt
 Director, Office of Congressional Affairs
 Nuclear Regulatory Commission
 Washington, DC 20555-0001

Dear Ms. Schmidt:

I have been contacted by many of my constituents from Limestone County, Alabama regarding their concerns over the proposed relocation of a rock quarry from Elkmont, Alabama to a site on Laughmiller Road in the Tanner Community. The Rogers Group has filed the required application with the Alabama Department of Environmental Management requesting permits for relocating the quarry.

The constituents who have contacted my office are concerned about the proximity of the Laughmiller Road location to the Tennessee Valley Authority's Browns Ferry Nuclear Plant and the effects blasting at the quarry will have on operations of the nuclear plant. I ask that you please determine the potential impact this proposed rock quarry will have on operations at the Browns Ferry Nuclear Plant.

Please reply in writing to my Huntsville District office at the following address: 200 Pratt Avenue, Northeast, Suite A, Huntsville, Alabama 35801. Thank you for your attention to this matter. I look forward to your response.

Sincerely,

A stylized handwritten signature of "Bud" in dark ink.

Bud Cramer,
 Member of Congress
