Dear Ms. Gorenflo:

In your postcard of December 14, 1978 you request information on the public hearing for Watts Bar Nuclear Plant. As described in the enclosed pamphlet on the NRC licensing process, an operating license hearing is held only upon request. The deadline for requesting a hearing was January 26, 1977. Since the deadline has passed, a hearing will not be held, unless someone should make a substantial showing of good cause that a late intervention should be granted.

If you have any questions, please call Suzanne Keblusek on (301) 492-8440.

Sincerely,

Original Signed by
