Summary: I conducted this telephonic inspection by speaking with Ms. Williams. Two authorized users are no longer employed by the licensee, Simoan Roy and Michael Henry. The laboratory director has also been replaced by Kendall Lindquist. The licensee will be submitting a license amendment to delete the authorized users and replacing the point of contact. Ms. Williams questioned me as to the procedure to amend the license, to whom it should be sent and what were the training requirements for an ECD user. I provided the information and that the amendment should be sent in as soon as possible.

Action Required: Place in ADAMS and inspection package.
