MEMORANDUM TO: Alexander R. Klein, Chief
Fire Protection Branch
Division of Risk Assessment
Office of Nuclear Reactor Regulation

FROM: Charles Moulton, Fire Protection Engineer */RA/*
Fire Protection Branch
Division of Risk Assessment
Office of Nuclear Reactor Regulation

SUBJECT: SUMMARY OF NOVEMBER 15, 2007, CATEGORY 2 MEETING ON
FREQUENTLY ASKED QUESTION PROCESS REGARDING NATIONAL
FIRE PROTECTION ASSOCIATION STANDARD 805

On November 15, 2007, the U.S. Nuclear Regulatory Commission (NRC) staff held a meeting, via teleconferencing, with stakeholders and the public to discuss Frequently Asked Questions (FAQs) at plants that are adopting National Fire Protection Association (NFPA) Standard 805. Licensees introduced and discussed a revised version of one FAQ (06-0019). The NRC staff presented written comments on one FAQ (07-0040). Technical agreement was reached on one FAQ (06-0019). Licensees and NRC staff also discussed the remaining open FAQs. The participants determined that both industry stakeholders and the NRC staff needed to continue to work on the remaining open FAQs.

All participants agreed that the next monthly meeting should occur, at Nuclear Energy Institute (NEI) Headquarters, on November 29, 2007. It was also agreed that the December meeting would be a teleconference on December 20, 2007.

The revised FAQs and NRC comments introduced at the meeting are available in the Agencywide Documents Access and Management System. The accession number for the revised FAQ is ML073060545. The accession number for the staff comments is ML073170227. The October NEI NFPA 805 Task Force FAQ Log, a meeting handout, is available at ML073060555. Two other handouts are available at ML073180122 and ML073180129.

A list of meeting attendees is enclosed with this memorandum.

Enclosure:
As stated
