SUBJECT: WATTS BAR UNIT 1 - WITHDRAWAL OF AN AMENDMENT REQUEST
(TAC NO. MA4423)

Dear Mr. Scalice:

By letter dated December 23, 1998, you applied for an amendment to the Watts Bar, Unit 1 Facility Operating License No. NPF 90. The proposed change would have provided a temporary change, until the next time the unit entered Mode 3, to the ice condenser inlet door position monitoring system channel check methodology to account for the impact of an annunciator ground on the existing channel check methods. Subsequently by letter dated March 9, 1999, you withdrew the amendment request, stating that since the unit had begun its outage on February 27, 1999, the request was no longer necessary.

The Commission has filed the enclosed Notice to Withdrawal of Application for Amendment to Facility Operating License with the Office of the Federal Register for publication.

Sincerely,
