RE: NRC license # 37-30120-01

To Whom It May Concern:

Please amend our radioactive materials license to reflect the addition of an additional authorized user for 35.200; In vitro studies, Ajit N. Shah, M.D.. You will find documentation as to his current licensure for the USNRC Radioactive Material Use permit by referencing USNRC License number 37-02136-01.

Please contact me at any time with regards to questions in this matter.

Sincerely,

A handwritten signature in black ink, appearing to read "Lon P. Wilson", is written over a horizontal line.

Lon P Wilson, BS, ASNE, CNMT
Vice President Nuclear Operations
Radiation Safety Officer
