Attention: Mr. John Nakoski, Chief Quality and Vendor 2, Office of New Reactors

Dear Mr. Nakoski,

Conval requests an extension until December 7, 2007 to respond to the subject Notice of Violation and Notices of Nonconformance.

Although Conval has made considerable progress in revising appropriate portions of our Quality System per the NRC Inspection Report 99901367/2007-201, we wish a little more time to properly link, coordinate and strengthen the Part 21 compliance language among approximately seven (7) Conval procedures that are being revised.

Thank you for your consideration.

Very truly yours,

CONVAL, INC.
