Case No. 2008-0051
Date Rec'd: 11-23-07
Specialist: Brown
Related Case. _____

Dear Sir,

Our library is requesting a copy of a document on behalf of a library user for research purposes.

The document is **NEDO-21159-2** by T.R. Marrero: Airborne Releases from BWRs for Environmental Impact Evaluations - Amendment 2 (Iodine-131), October 1978.

The PDR Office informed us that the document has been pulled from the Public Document Room and therefore asked us to file for FOIA to obtain the document. Please advise what will be the proper steps to take in order to get a copy of the document. Thanks.

Susan,

I found an amendment 2 in our Legacy library. Older documents are stored on microfiche here in the Public Document Room. It is possible to have this item copied onto paper and mailed to you for your research.
