Dear Sir/Madam:

I have another request for a document.

It is NUREG-1338, "Preapplication Safety Evaluation Report for the Modular High Temperature Gas-Cooled Reactor," issued in September 1995, which is indicated as not publicly available.

I would like to request for an access to (or a copy of) this document.

I would appreciate your consideration.

Sincerely,

Tom Muraki

Dear Sir/Madam:

I work for a consulting firm in the San Francisco area and am a member of the ASME Nuclear Quality Assurance Committee. The NRC PDR told me that the subject NUREG has not been released to the public.

I would like to request for an access to (or a copy of) this document.  
I would appreciate your consideration.

If you have any questions, please contact me.

Sincerely,

Tom Muraki
