Enclosed for your information are five copies of TVA's generic report entitled "A Study on the Protection of Fish Larvae at Water Intakes Using Wedge-Wire Screening." This report is being printed by TVA and will be available as a technical bulletin in the near future.

Information from this report was presented at the workshop on Larval Fish Exclusion Systems for Power Plant Cooling Water Intakes held on February 7-9, 1978, in San Diego, California. This report will be incorporated in the workshop proceedings. Dr. R. K. Sharma of Argonne National Laboratory was a cosponsor of the workshop.

Very truly yours,

J. E. Gilleland  
Assistant Manager of Power
