Dear Mr. Mullauer,

This letter is to support the amendment of St. John's Hospital license number 24-00866-02 requesting Nick Lannutti, M.S., RSO be listed on the license as authorized user for the CEA-ORIS-LAPIB model 437C blood irradiator. As part of the radiation safety officer training conducted December 2001 thru June 2006 Nick received training from me, authorized irradiator user, on the self-shielded irradiator.

Sincerely,

A handwritten signature in cursive script, reading "Charles W. Beasley". The signature is written in black ink and is positioned above the printed name and title.
