Re: Additional Authorized Use

Dear Mr. Richard McKinley,

I would like to amend my NRC License #29-³⁰²¹⁴~~3044~~-01 to add Dr. Qaisra Saeed and Dr. Moein Faghieh Vaseghi as authorized users. *NM*

If you have any further questions, please contact me. Thank you for your consideration.

Sincerely,

Terrance Lee M.D.

May 7, 2002

Dear Reviewer/Administrator:

This letter is to affirm that Qaisra Yasmin Saeed, MD has gained supervised clinical experience at our institution (Newark Beth Israel Medical Center, Newark, NJ) in nuclear cardiology. The preceptorship began July 2000 and is to end June 2002. The formal fellowship training in nuclear cardiology meets the requirements as outlined in the ACC/ASNC COCATS Guidelines shown on page 13 of the 2002 Bulletin. During this time period, Dr. Saeed has actively participated in the performance and interpretation of a minimum of:

- 50 Myocardial stress AND rest imaging (Thallium AND Technicium) with ejection fraction function AND wall motion procedures
- 10 Thallium rest imaging/redistribution procedures
- 90 PYP-RBC multi-gated acquisition rest procedures
- 50 Catheterization/angiographic correlation of radionuclide derived studies
- 50 cases of hands on supervised clinical experience with respect to myocardial perfusion imaging AND radionuclide angiography.

During this time, Dr. Saeed also acquired experience in health physics, basic radioisotope handling, radiopharmaceutical preparation, radiation safety, instrumentation, technical and administrative procedures of our facility as well as general operations as stipulated by our license conditions.

The total hours of nuclear cardiology, clinical and work experience during this time period is a minimum of 1,000 hours over a period of six months of dedicated nuclear cardiology training. Qaisra Yasmin Saeed, MD has achieved a level of competence sufficient to function independently as an authorized user for the medical uses authorized under NRC Subpart E-imaging and localization.

Sincerely,

Ramon Lao, MD
Director Nuclear Medicine/Nuclear Cardiology
