Mr. Daniel R. Muller Assistant Director for Environmental Projects United States Atomic Energy Commission Washington, DC 20545

Dear Mr. Muller:

In the Matter of the Applications of) Docket Nos. 50 Tennessee Valley Authority) 50

The final environmental statement for the Watts Bar Nuclear Plant has been prepared by TVA and is being submitted to the Council on Environmental Quality in accordance with its guidelines. Included in the front of the statement is the November 7, 1972, letter from Mr. Giambusso in which the AEC indicates that they believe the Watts Bar environmental statement satisfies applicable requirements and is adequate to support the licensing actions. Additional treatment of the topics referred to in Mr. Giambusso's letter has been incorporated into this statement. Submitted herewith are twenty-five copies for your use and additional copies are available at your request.

Very truly yours,

J. E. Gilleland Assistant to the Manager of Power
